All downstairs galleries, use the Artiteq picture hanging system. We require all framed artwork to have D-rings on and all canvases to have either D-rings or eye-lets on the inside frame of the canvas. We use the Artiteq Ratchet and Loquer hooks which are attached to the d-rings or eyelets. This means that the work is stable and secure and will not move during the exhibition. (see image below)

Self-gripping, non-personal hook. Secures itself through the spring mechanism in the hook. Easy adjustable upwards in height by moving the entire hook and downwards in height by pressing down the upper hook of the Ratchet hook.

Max weight 15kg per hook
30 kg per painting/artwork

D-rings

Eye-let

Swing tag & string

All artwork **MUST** have a swing tag which has the artist name, title of work, medium and price.

For artwork being displayed in the Gallery Five Members space, all artwork will require hanging strings because we use the Velcro hook system. See images below
